**ENCOUNTERING  
JESUS  
IN HIS LAND  
THROUGH HIS WORD**

**19 - 30 August 2018**

## AIM

To offer the participating confreres a spiritual experience favouring a personal encounter with Jesus, in his land, by means of visits to the more significant places of his life, guided by the Word of God

This will not be the usual religious pilgrimage, nor another way of doing the pilgrim Spiritual Exercises (annual retreat) in the Holy Land.

Coming and seeing, the participants will be helped to discover the person of Jesus, to know him better, and to stay with him. Like the first disciples.

## MODALITY

Two different linguistic groups (Italian and English), each with about 20 participants, 19-30 August 2018.

The mornings will usually be dedicated to visiting the places indicated in the program and for the celebration of the Eucharist. The guided visits will help contextualize the salvific significance of the places through the hearing of the Word.

The afternoons will be dedicated, in the lodgings, to contemplation of the mysteries of the life of Jesus through personal study of the biblical texts and praying.

The day will conclude with a lectio divina on the mystery proposed by the places visited and a brief presentation of the program of the following day.
